NetDMR Subscriber Agreement Instructions Page

This form can be used for permits issued by: Tennessee Division of Water Resources, hereafter referred to as "the Regulatory Authority".

Purpose

The NetDMR Subscriber Agreement should be used by Clean Water Act National Pollutant Discharge Elimination System (NPDES) permit holders that would like to apply to submit Discharge Monitoring Reports (DMRs) and other NPDES permit-required reports electronically, or change/update your reporting status information from a previously-submitted application. Submission of DMRs electronically is an alternative to using paper forms to fulfill the reporting requirements of the CWA NPDES program pursuant to 40 CFR 122.41(l)(4).

Basic Information on Who Should Fill Out the Subscriber Agreement

- To request use of electronic reporting for DMR information, the Responsible Official, the person who has the authority to sign permit applications, reports, and other permit-required submittals (e.g., DMRs) as described in 40 CFR §122.22 (a), can designate themselves or identify a duly authorized representative to electronically sign the DMRs for the facility.

- If the Responsible Official plans to electronically sign DMRs submitted through NetDMR, then the Responsible Official will also sign as the Signatory Authority named in Section F of the Subscriber Agreement.
- If the Responsible Official plans to authorize someone else to sign and submit the electronic DMRs as described in 40 CFR §122.22(b), the Responsible Official will sign Section E and the duly authorized representative will sign as the Signatory Authority identified in Section F.
- If the authority to electronically sign for a permit is to be delegated to multiple Signatory Authorities, then each individual Signatory Authority needs to submit and sign a separate Subscriber Agreement.
- This Subscriber Agreement cannot be used to register multiple permits that are issued by different regulatory authorities.

- **PURPOSE:** This agreement creates a legally binding obligation for the signer of the Agreement (the Responsible Official and/or Signatory Authority) to abide by the terms and conditions for use of the NetDMR System, and memorializes a mutual understanding that the signer of this agreement is as legally bound, obligated, and responsible by use of the assigned electronic signature as by a hand-written signature.
- **ACCEPTANCE & EFFECT:** Acceptance of this agreement by the Regulatory Authority shall be evidenced by notice from the Regulatory Authority, provided electronically, that this agreement has been approved.
- **SUBMITTAL & RECEIPT:** A Document shall be deemed to have been submitted when it is accessible to the Regulatory Authority. A document shall be deemed to have been received when it can be fully processed. No document shall satisfy any reporting requirement until it is received.

- **VERIFICATION:** In accordance with the associated certification statement, the signer of the Agreement is responsible for the truth and accuracy of the content of each submission. The signer of the Agreement also has an affirmative obligation to check the accuracy of the document as received by the Regulatory Authority and to notify the Regulatory Authority promptly if the document was sent without authorization or differs in substance in any way from the document that was submitted.
- **INABILITY TO TRANSMIT OR FILE REPORTS ELECTRONICALLY:** No party shall be liable for any failure to perform its obligations in connection with any Electronic Transaction or any Electronic Document, where such failure results from any act or cause beyond such party's control which prevents such party from electronically transmitting or receiving any Documents, except that the signer of the Agreement (Responsible Official and/or Signatory Authority) is nonetheless required to submit records or information required by law via other means, as provided by applicable law and within the time period provided by such law.

electronic information through the NetDMR system will be terminated. The Regulatory Authority will provide notification of termination, including the date on which termination takes effect. A new Responsible Official and/or Signatory Authority must resubmit this form at the time that a new permit application is submitted or when Responsible Official and/or Signatory Authority responsibility transfers from one person to another.

-Note: Termination of this agreement may eliminate the ability to comply with permit requirements for any continuing operations. Paper DMR Reports will only be accepted under this permit where the permittee has provided sufficient justification and obtained prior approval from the Regulatory Authority.

- **GOVERNING LAW:** This Agreement shall be governed by and interpreted in accordance with 40 CFR §122 and 40 CFR §3.
- **AGREEMENT:**
 1. I agree to protect the electronic signature device, consisting of my NetDMR system user name and password, from use by anyone except me. Specifically, I agree to maintain the secrecy of my password and security- and challenge-question answers; I will not divulge or delegate my user name and password to any other individual; I will not write or save my password or challenge question/answer pairs to a script or other mechanism that allows its use or application by someone other than me;
 2. I agree to contact the Regulatory Authority Tennessee Division of Water Resources at 615-532-0637 or NetDMR.help@tn.gov within 24 hours if any of the following occurs:

- suspicion or determination that my user name, password, security question answer, or challenge question answers may have been lost, stolen or otherwise compromised;
 - receipt of an e-mail notification for any activity that I do not believe that I performed;
 - if, after receipt of COR, there is any evidence of discrepancy between any electronic document I have signed and submitted and what the NetDMR system has received from me;
 - if I do not receive an e-mail notification within 24 hours for any submission electronically signed using my credentials; or
 - if I cease to represent the regulated entity specified above as signatory of that organization's electronic submissions.
3. I understand and agree that I will be held as legally bound, obligated, and responsible for the use of my electronic signature as I would be using my hand-written signature;
 4. I understand that I will be informed through my registered electronic mail (e-mail) address whenever my user name, password, or challenge question/answer pairs have been modified;
 5. I agree to provide and maintain an email address by which to receive communications from the NetDMR system. If any email sent to me by the NetDMR system is returned as undeliverable, I will explain why this occurred when requested by the Tennessee Division of Water Resources;
 6. I understand that the NetDMR system reports the last date my user name and password were used immediately after successfully logging in to the system;
 7. I understand that whenever I electronically sign and submit an electronic document to the NetDMR system, I will

receive an e-mail at my registered e-mail address; This e-mail will inform me that a submission has been made to the system from my user account and will contain instructions to view information regarding the submission, including the Copy of Record (COR) for the submission; and

8. I agree to retain a copy of this signed agreement as long as I continue to represent the regulated entity specified above as signatory of the company's electronic submissions.

For the Tennessee Division of Water Resources only one permitted facility per Subscriber Agreement will be allowed. If the permit holder has multiple permits in TN that will use NetDMR, each permit will require a separate Subscriber Agreement.

- o 1. Permit holders must have training in use of the NetDMR system before being enabled to submit data to the NetDMR production system. 2. Permit holders must successfully complete a submittal to a NetDMR test environment before submittals will be enabled to the production NetDMR system. The NetDMR test area will show the same screens and require the same certification process as does the production system for NetDMR. No certified submittal to the NetDMR test environment will be accepted as a valid report nor will it meet permit reporting requirements when made to the test environment. 3. Permit holders that are enabled in the production NetDMR system shall certify the Discharge Monitoring Reports (DMR) to the NetDMR production environment as the copy of record for the DMR.

The Tennessee instance of NetDMR is for submittal of regularly scheduled reporting of DMR information. Other reporting not suitable for the NetDMR system but required
